RESIDENTIAL LEASE AGREEMENT

This agreement, dated March 9, 2023, is between [REDACTED] and [REDACTED]

1. LANDLORD:

The Landlord(s) and/or agent(s) is/are:

[REDACTED] (Owner)
and will be referred to in this Lease Agreement as "Landlord."

2. TENANT:

The Tenant(s) is/are:

[REDACTED] DO [REDACTED] SS [REDACTED]
and will be referred to in this Lease Agreement as "Tenant."

3. RENTAL PROPERTY:

The Landlord agrees to rent to the Tenant the property described as a(n) apartment located at 301 E 25TH ST, UNIT 2A, BALTIMORE, MD, 21218, which will be referred to in this Lease as the "Leased Premises."

4. TERM OF LEASE AGREEMENT:

The Lease Agreement will begin on March 11, 2023 and will end on March 10, 2024.

5. USE & OCCUPANCY OF PROPERTY:

- A. The only person(s) living in the Leased Premises is/are: [REDACTED]
- B. Any change in occupancy will require written consent of [REDACTED] and may be subject to an adjustment in the amount of rent.
- C. The Tenant will use the Leased Premises only as a residence.

6. RENT:

- A. The amount of the Rent is \$950.00 to be paid monthly.
- B. The rent is due in advance on or before the 1st day of each month. The rent due date is the date the Landlord must receive the Tenant's payment.
- C. Tenant(s) agree to pay the rent and all additional rent when due on time, without demand. All additional charges, costs and fees set forth throughout this Lease Agreement, are considered to be additional rent. Upon the non-payment of additional rent, Landlord will have the same rights to proceed against the Tenant(s) for the collection or eviction as if Tenant(s) defaulted on the rental payment.
- D. Rental payments are made payable to: 301 E 25TH ST LLC
- E. Rental payments paid by Certified Check, Personal Check, Money Order, and/or Cash shall be delivered to the Landlord at: [REDACTED]
- F. Tenant may deposit rent and all other charges into the Landlord's bank account. Rent and charges must be deposited on or before the day it becomes due in accordance with the terms and conditions within this lease.
- G. Rent may be paid by using the following electronic payment method(s): Debit/Credit Card or EFT (Electronic Funds Transfer) or PayPal / Online Transfer. Electronic payments such as those made via a credit/debit card, EFT or online payment processors such as PayPal refers to the network of banking institutions that have agreed to process transactions (usually instantly and automatically) electronically with no paper tender such as checks, money orders and/or cash or any other form of paper tender that is hand processed through a bank, financial institution clearinghouse or the Federal Reserve system.
- H. Credit card payments shall be authorized by the Addendum attached to this Residential Lease Agreement that is titled "Credit Card Authorization"
- I. If an electronic payment is not paid by the financial institution on or before the date due as specified in this Lease, it shall be treated as a "Late Payment" under the terms and conditions contained in this Residential Lease Agreement.
- J. If an electronic payment fails to clear or is returned unpaid by the financial institution on or before the date due as specified in this Lease, it shall be treated as a "Returned Payment" under the terms and conditions contained in this Residential Lease Agreement.

7. FUNDS COLLECTED ON OR BEFORE LEASE SIGNING:

The following funds are due on or before the signing of this Lease Agreement unless otherwise agreed to in writing:

Prorated Rent	\$709.67
Security Deposit	\$500.00 (R)
Pet Fee	\$150.00 (NR)
TOTAL DUE	\$1,359.67

Funds marked with (R) are refundable in accordance with the terms and conditions of this Lease and all applicable laws, while funds marked with (NR) are non-refundable fees.

8. LATE FEE:

- A. If the rent or any other charges are not received by the Landlord on or before 5 days after the rent due date, Tenant must pay a late fee of \$45.00 in addition to the rent.
- B. Payments received by Landlord when there are arrearages, shall be credited first, to any outstanding balance, and then applied to the current amount due.

9. RETURNED PAYMENTS:

- A. A returned payment fee of \$35 will be added for all returned payments. A personal check will not be accepted as payment to replace a returned payment.
- B. If there are 2 or more instances of returned payments, Tenant(s) agree that the Landlord may require all future payments to be made only by Certified Check, Money Order, Cash, or PayPal / Online Transfer.
- C. If your financial institution returns your rental payment and causes the rental payment to be late, a late charge will apply.

10. SECURITY DEPOSIT:

- A. The Tenant(s) have paid to the Landlord a Security Deposit of \$500.00.
- B. The Tenant(s) have paid the Landlord a Pet Fee of \$150.00.
- C. Tenant agrees that this security deposit is intended to secure the faithful performance by the Tenant of all terms, covenants and conditions of this Lease Agreement including but not limited to the cost of damages beyond normal wear and tear, unreturned keys, unpaid rent and any other amount due and legally allowable under the terms of this Lease Agreement and in accordance with state and local laws and regulations.
- D. Tenant may be responsible for any unpaid charges or attorney fees, suffered by the Landlord by reason of Tenant's default of this Lease in accordance with state and local laws and regulations.
- E. Under no circumstance can the Security Deposit be used as payment for rent and/or other charges due during the term of this Lease Agreement.
- F. Landlord's recovery of damages will not be limited to the amount of the Security Deposit.
- G. Provided the Tenant(s) fulfill all of the obligations of the Lease Agreement, the Landlord will return either an itemized accounting for charges with any balance of the security deposit or the entire security deposit to the Tenant within 60 days.

11. ENDING THE LEASE:

- A. At the end of this Lease Agreement, Tenant must vacate and shall immediately and peacefully surrender and return to the Landlord the possession of the Leased Premises in as good condition as when Tenant took possession less normal wear and tear. The Leased Premises shall be cleared out of all occupants, furniture, personal articles, and effects of any kind.

12. UTILITIES & SERVICES:

- A. Tenant is responsible for the following utilities and services: Cable TV, Internet, Cleaning and Janitorial Service, and Electricity and Gas and is required to register the utilities and services in Tenant's name. Tenant understands and agrees that essential services are to be maintained and operational at all times.
- B. Landlord will be responsible for the following utilities and services: Water
 - I. Tenant agrees that Landlord will not be held responsible for the loss of use, or discontinuation or interruption of any utility or extra services beyond the Landlord's c

- II. Tenant shall notify the Landlord of any malfunction of a utility.
- III. Tenant may not be negligent in his/her use of any included utility or service. If by tenants negligence, the utility bill or service fee dramatically increases, tenant will be billed for any overages which will then be due and payable by tenant as additional rent.

13. APPLIANCES:

- A. Landlord will supply and maintain: Washing Machine, Dryer, Air Conditioner, Refrigerator, and Stove.
 - I. Tenant will keep appliances provided by Landlord in good working order and shall report any malfunction to the Landlord. Any damage sustained due to the neglect or misuse by Tenant will become the full responsibility of the Tenant, either in the appliance repair or replacement.
 - II. Tenant agrees that the items specified above are the property of the Landlord and will remain with the Leased Premises at the end of this lease term.
- B. Tenant must have written approval before installing any appliance. Landlord accepts no responsibility for the maintenance, repair or upkeep of any appliance supplied by the Tenant. Tenant agrees he/she is responsible for any damage that occurs to the Leased Premises resulting from the addition of any appliance that is supplied by the Tenant.

14. MAINTENANCE AND REPAIRS:

Landlord shall be responsible for repairs in or about the Leased Premises unless caused by the negligence of the Tenant. Tenant will be responsible for any repairs caused by his/her negligence.

- A. It is the responsibility of the Tenant to promptly notify the Landlord of the need for any repair of which the Tenant becomes aware.
- B. If any required repair is caused by the negligence of the Tenant and/or Tenant's guests, the Tenant will be fully responsible for the cost of the repair and/or replacement that may be needed.
- C. The Tenant must keep the Leased Premises clean and sanitary at all times and remove all rubbish, garbage, and other waste, in a clean, tidy and sanitary manner.
- D. Tenant must abide by all local recycling regulations.
- E. The Tenant shall properly use and operate all electrical, cooking and plumbing fixtures and keep them clean and sanitary.
- F. The Tenant is not permitted to paint, make any alterations, improvements or additions to the Leased Premises without first obtaining the written permission of the Landlord. The Landlord's permission to a particular painting, alteration, improvement, or addition shall not be deemed as consent to future painting, alterations, improvements, or additions.
- G. Tenant must replace and/or clean the filters for the heater and/or air conditioner on a regular basis.

15. CONDITION OF PROPERTY:

- A. The Tenant acknowledges that the Tenant has inspected the Leased Premises and at the commencement of this Lease Agreement, the interior and exterior of the Leased Premises, as well as all equipment and any appliances are found to be in an acceptable condition and in good working order.
- B. The Tenant agrees that neither the Landlord nor his agent have made promises regarding the condition of the Leased Premises.
- C. The Tenant agrees to return the Leased Premises to Landlord at end of the Lease Agreement in the same condition it was at the beginning of the Lease Agreement.

16. PETS:

- A. The following pets are allowed: Pet deposit Non-refundable
- B. The Tenant(s) have paid the Landlord a Pet Fee of \$150.00.

17. SPECIAL TERMS AND CONDITIONS:

The Landlord and Tenant agree to the following extra services, charges and/or special terms:

The Landlord and Tenant agree to the following extra services, charges and/or special terms:

- No additional nail holes aside from the ones that are already placed in the unit of each room.
- Residents are responsible for replacing light bulbs.
- No flushing feminine products. Backed up plumbing will be resident's responsibility.
- Any new rug stains, or cracked/damaged tile in the premise [REDACTED] are responsible for the repairs.
- Repair any damage occurring to the unit through fault of the [REDACTED] members, occupant or guests. Notify landlord at once

of damage.

-Give the landlord permission to enter the unit at reasonable times and with advance notice to inspect it or to make any necessary repairs.

-rent payments cannot be held or put into escrow

-Lease will automatically renew on a month to month basis (unless notice is sent).

-Arbitration: Tenant(s) would be responsible for all legal and court fees with landlord.

18. RULES AND REGULATIONS:

- A. Vehicles parked on premises must be in working order with necessary registrations and/or inspections.
- B. Late fees are strictly enforced and any unpaid fees will not be waived.
- C. Absolutely no smoking or vaping of any kind is permitted in the leased premises.
- D. The Tenant may not interfere with the peaceful enjoyment of the neighbors.
- E. Garbage/Trash must be taken to the curb on the scheduled day(s) of trash removal and not before.
- F. The Tenant will be responsible for any fine and/or violation that is imposed on the Landlord due to the Tenant's negligence.
- G. The Tenant shall abide by all Federal, State, and Local laws.
- H. The Tenant shall notify the police and Landlord of any illegal activity that is witnessed in or around the Leased Premises.
- I. The Tenant agrees not to use the Leased Premises for any unlawful purpose including but not limited to the sale, use or possession of illegal drugs on or around the Leased Premises.
- J. The Tenant agrees to test smoke detector(s) periodically as well as maintain operational batteries at all times.
- K. The Tenant must report any malfunction with smoke detector(s) immediately to Landlord. The Tenant agrees not to remove, dismantle or take any action to interfere with the operation of any smoke detector(s) installed on the Leased Premises.
- L. Absolutely no hazardous materials are permitted to be in or around the Leased Premises at any time.
- M. The Tenant may not use or store Kerosene or space heaters at any time in or around the Leased Premises.
- N. Under no circumstance may a stove, oven or range be used as a source for heat.
- O. Charcoal and Gas Barbecue grills may not be used inside the Leased Premises.
- P. The Tenant shall use ventilating fans at all times when bathing and cooking.
- Q. All windows and doors must remain closed during inclement weather.
- R. The Tenant shall notify Landlord of any pest control problems.
- S. The Tenant must notify Landlord of any changes in employment.
- T. The basement and/or attic may not be modified for the use as living quarters without written permission of the Landlord.
- U. Waterbeds and liquid furniture are not permitted without the written permission of the Landlord.
- V. The Tenant must obtain written permission to install a satellite system or antenna on or around the Leased Premises.
- W. The Tenant may not hang or place any signs on or about the Leased Premises.
- X. The Tenant may not use windows, decks, or balconies for the purpose of drying laundry.
- Y. Landlord does not permit loud gatherings. A disturbance caused by Tenant or Tenant's occupants or invitees that results in any police action or complaints from neighbors is considered sufficient cause for termination of this Lease and action for eviction as permitted by law.

19. ADDENDA:

The following Addenda, attached to this Lease Agreement, shall become part of this Lease Agreement:

- | | |
|--|--|
| A. Zero Tolerance for Criminal Activity | E. Move-In/Move-Out Walk-Through Checklist |
| B. Lease Addendum Template | F. Pet Addendum |
| C. Maryland Lead Poisoning Prevention- Notice of Tenants' Rights | G. Lead-Based Paint Disclosure & Certification |
| D. Lead Paint Pamphlet (EPA) for Units Built Before 1978 | |

20. INSURANCE:

Tenant is solely responsible for any damage or loss of the Tenant's personal property to the extent that the law permits.

Accordingly, the Tenant is required to obtain personal property/renter's insurance with an insurance company properly licensed to do business in the state. This policy must become effective on or before the beginning date of this Lease Agreement.

If Tenant fails to obtain personal property/renters insurance, it is a breach of this Lease Agreement. Tenant must provide proof of insurance required by this Lease Agreement. It is a breach of this Lease Agreement if Tenant fails to provide proof of insurance upon Landlord's request.

21. SECURITY NOT PROMISED:

The Tenant has inspected and acknowledges that all locks and smoke detectors are in working order. Any provided fire extinguishers, security alarm systems, and/or carbon monoxide detectors have also been inspected by the Tenant and are in sound working order. Tenant understands that although the Landlord makes every effort to make the Leased Premises safe and secure, this in no way creates a promise of security.

22. RIGHT OF ENTRY:

- A. Landlord and/or his agents, with 24 hours written notice have the right during the term of this Lease Agreement to enter during reasonable hours to inspect the premises, make repairs or improvements or show prospective buyers and/or Tenant(s) the property.
- B. In the event of an emergency, Landlord reserves the right to enter Leased Premises without notice. It is required that Landlord have a working set of keys and/or security codes to gain access to the Leased Premises.
 - I. Tenants will not change, or install additional locks, bolts or security systems without the written permission of the Landlord.
 - II. Unauthorized installation or changing of any locks will be replaced at the Tenant's expense.
 - III. Tenant shall be responsible for any and all damages that may occur as a result of forcible entry during an emergency where there is an unauthorized placement of a lock.

23. NOTICES:

- A. Any notice, required by the terms of this Lease Agreement shall be in writing.
- B. Notices sent to the Landlord may be sent to the following:
 - I. 
 - II. Email 
- C. Notices may be given by either party to the other in any of the following ways, or any other manner provided for by law:
 - I. Regular mail
 - II. Personal delivery
 - III. Certified or registered mail, return receipt requested
 - IV. Email

24. ABANDONMENT:

If Tenant vacates the Leased Premises before the end of the Lease term or renewal thereof without written permission from the Landlord, Landlord may, at Landlord's sole discretion, hold Tenant in default of this Lease Agreement. If the Tenant fails to follow proper move out procedures, Tenant will be responsible for any and all damages and losses allowed by federal, state and local regulations as well as this Lease.

25. LANDLORD'S REMEDIES:

If Tenant violates any part of this Lease Agreement including non-payment of rent, the Tenant is in default of this Lease Agreement. In the event of a default, the Landlord may initiate legal proceedings in accordance with local and state regulations to evict or have Tenant removed from the Leased Premises as well as seek judgment against Tenant for any monies owed to Landlord as a result of Tenant's default.

- A. The Tenant agrees that any expenses and/or damages incurred as a result of a breach of the Lease Agreement including reasonable attorney's fees will be paid to the prevailing party.
- B. The Tenant agrees that any court costs and/or fees incurred as a result of a breach of the Lease Agreement will be paid to the Landlord or the prevailing party.

26. SUBORDINATION:

This Lease Agreement is subject and subordinate to any lease, financing, loans, other arrangements, or right to possession with regards to the building or land that the Landlord is obligated to now or in the future including existing and future financing, and/or loans or leases on the building and land.

27. CONDEMNATION:

If the whole or any part of the Leased Premises is taken by any authority having power of condemnation, this Lease Agreement will end. Tenant shall peaceably vacate the Leased Premises and remove all personal property and the lease terms will no longer apply. The Tenant, however is responsible for all rent and charges until such time that Tenant vacates the Leased Premises.

28. ASSIGNMENT OR SUBLEASE:

Tenant agrees not to transfer, assign or sub-lease the Leased Premises without the Landlord's written permission.

29. JOINT AND SEVERAL LIABILITY:

The Tenant understands and agrees that if there is more than one Tenant that has signed the Lease Agreement, each Tenant is individually and completely responsible for all obligations under the terms of the Lease Agreement.

30. MISREPRESENTATION:

If any information provided by Tenant in application for this Lease is found to be knowingly incorrect, untruthful and/or misleading, it is a breach of this Lease.

31. BINDING OF HEIRS AND ASSIGNS:

All provisions, terms and conditions of this Lease Agreement shall be binding to Tenant, Landlord, their Heirs, Assignees and Legal Successors.

32. SEVERABILITY:

If any part of this Lease Agreement is not valid, enforceable, binding or legal, it will not cancel or void the rest of this Lease Agreement. The remainder of the Lease Agreement will continue to be valid and enforceable by the Landlord, to the maximum extent of the laws and regulations set forth by local, state and federal governments.

33. GOVERNING LAW:

This Agreement shall be governed, construed and interpreted by, through and under the Laws of the State of Maryland.

34. ADDITIONAL CLAUSES:

- A. Landlord's acceptance of rental payments is not a waiver of any default by the Tenant.
- B. **Move-in/Move Out Inspection:** Tenants have the right to be present during a property inspection for the purpose of making a list of damages that may exist at the beginning (move-in) of the Lease Agreement and at the end (move-out) of the Lease Agreement.

This request must be made in writing within fifteen (15) days prior to the beginning of the Lease agreement for the move-in inspection. A Request for a move-out inspection must be made at least fifteen (15) days prior to the ending of the Lease Agreement along with the Tenant's intention to vacate, the date of moving, and the tenant's forwarding address.

The Landlord must conduct the inspection within five (5) days before or after the Tenant's date of moving. Landlord will notify tenant of the time and date of inspection.

35. PARAGRAPH HEADINGS:

Paragraph headings in this Lease Agreement are for convenient reference only and do not represent the rights or obligations of the Landlord or Tenant.

36. ENTIRE AGREEMENT:

- A. Landlord and Tenant agree that this Lease Agreement and any attached Addenda, Rules and Regulations, and/or Special Terms and Conditions accurately represent all terms and agreements between the Landlord and Tenant regarding the Leased Premises.
- B. Tenant acknowledges the receipt of any disclosures required by the State of Maryland as well as any disclosures required by federal, state, and local jurisdictions.

NOTICE: This is an important LEGAL document.

- You may have an attorney review the Lease Agreement prior to signing it.
- If the Landlord fails to enforce any provision of this Lease Agreement, it will not constitute a waiver of any default, future default or default of the remaining provisions.
- Time is of the essence in this Lease Agreement.

By signing this Lease Agreement, the Tenant certifies that he/she has read, understood and agrees to comply with all of the terms, conditions, Rules and Regulations of this Lease Agreement including any addenda and that he/she has received the following:

1. Copies of all Addenda, Rules and Regulations, Special Terms and Conditions, and Applications.
2. All necessary Key(s), Garage Door Opener(s), Security Card(s), and/or Auto Sticker(s) to the Leased Premises.

Tenant's Signature:

As a courtesy, we are providing the utility company information for the property to assist you with moving in.

IMPORTANT:

Before the Lease begins and/or you move in, you must contact the utility companies to activate service. The Tenant may not move in until the utilities are registered in their name. If the Tenant fails to activate any utility services before the Lease begins, the Tenant will be responsible for re-lighting any of the Gas pilots and for all Tenant utility charges.

The Tenant is responsible for all utility activation fees.

Please take the time to locate and familiarize yourself with the location of the gas and water shutoff valves and the electric fuses and/or breakers.

ADDENDUM: ZERO TOLERANCE FOR CRIMINAL ACTIVITY

Landlord: [REDACTED]
Tenant: [REDACTED]
Leased [REDACTED] TH ST UNIT 1B BALTIMORE MD 21218

This LEASE ADDENDUM is incorporated into and made part of the Lease executed by the Landlord and the Tenant referring to and incorporating the Leased Premises.

The Landlord has zero tolerance for criminal activity in or around the Leased Premises.

This policy applies to all Tenants, occupants, guests, and any visitors in or around the Leased Premises. The Landlord will immediately report any evidence of criminal activity to the proper authorities, and the Tenant's engagement in any criminal activity is a default of the Lease.

The Tenant understands his/her responsibility to call the police/emergency services and report any suspicious activity observed, and then notify the Landlord.

The Tenant understands that disturbances of the peace not only infringe on the neighbors' peaceful enjoyment of their property, but are also a default of the Lease.

In the event of any criminal activity in which the Tenant is directly or indirectly involved, the Landlord will take the legal measures necessary to evict the Tenant(s) from the Leased Premises. This includes but is not limited to illegal drug activity, gang involvement, organized crime and disturbances of the peace.

The Tenant understands that violation of this addendum is a default of the Lease and will result in the Landlord taking the necessary steps towards eviction of the Tenant. The Tenant may then be responsible for the rent remaining due for the balance of the Lease term, court costs, attorney fees, and other charges in accordance with all applicable Maryland, local laws and regulations.

LEASE ADDENDUM

Landlord: [REDACTED]

Tenant: [REDACTED]

Leased Premises: 301 E 25TH ST, UNIT 2A, BALTIMORE, MD 21218

This LEASE ADDENDUM is incorporated into and made part of the Lease executed by the Landlord and the Tenant referring to and incorporating the Leased Premises.

(Enter your custom text here)

The Tenant understands that violation of this addendum is a default of the Lease and will result in the Landlord taking the necessary steps towards eviction of the Tenant. The Tenant may then be responsible for the rent remaining due for the balance of the Lease term, court costs, attorney fees, and other charges in accordance with all applicable Maryland and local laws and regulations. If there should be any conflict between the provisions of the Lease Agreement and this Addendum, the provisions of this Addendum will control. All other terms and conditions of the Lease Agreement will remain in full force and effect unless otherwise agreed upon in writing by the parties.

PET ADDENDUM

Landlord: [REDACTED]

Tenant: [REDACTED]

Lease Premises: 301 E 25TH ST, UNIT 2A, BALTIMORE, MD 21218

This LEASE ADDENDUM is incorporated into and made part of the lease executed by the Landlord and the Tenant referring to and incorporating the leased premises.

Type of Pet: _____ Name: _____ Breed: _____

Weight / Size: _____ Age: _____ Other: _____

All dogs and cats must wear vaccination tags attached to a collar that is worn at all times. The Tenant will maintain a valid rabies vaccination certificate issued by a licensed veterinarian. It must include the animal's name, description, age, date and type of vaccination. The Tenant must renew all pet registrations annually, and provide a copy of the registration to the Landlord.

Cats and dogs must be neutered/spayed. Any reptile, fish or pet that is considered a poisonous species is prohibited. The Tenant cannot maintain exotic animals or livestock in the rental home, grounds or community property. The breeding of privately owned animals is prohibited.

Any damage to the leased premises caused by a pet or an aquarium leak must be immediately repaired, cleaned and/or replaced at the Tenant's expense (including but not limited to stained carpets, broken window shades or blinds, and scratched and chewed cabinetry). The Tenant must protect all carpeting from odor, infestation and stain by cleaning it annually. The Landlord reserves the right to inspect the Leased Premises (while providing proper notice) periodically in order to assess any possible damages.

Continual reports of excessive animal noise (such as a barking dog or loud bird) will be grounds for the Landlord's withdrawal of permission, after which the Tenant will have to remove the pet(s) from the premises immediately. Pet owners must ensure the proper disposal of a deceased animal according to Maryland and local regulations. Burial of the deceased pet on the property grounds is strictly prohibited. When outdoors, all pets must be on a leash and under the control of a mature and responsible individual. Pets may not be tethered or left unattended outside at any time. Pets are barred from any community area such as playgrounds, pools and game courts.

The Tenant agrees to clean and properly dispose of all pet waste, both inside and outside the rental property, on a daily basis. No excrement is to remain on the grounds. Security and/or pet deposits are only refunded after the property has been vacated and examined by the management.

Service Animals are not pets, but provide assistance to disabled residents. By law, the Landlord must allow service animals for Tenants who have an apparent or verified need that they require them in order to afford a disabled Tenant fair use and enjoyment of the facilities. Additional deposits and or pet rent are not required for service animals, but Tenant(s) are responsible for cleaning up after the animal. Tenant(s) are also responsible for any damage done to the unit, building or grounds, beyond reasonable wear and tear. Service animals must meet local and state laws for vaccinations. Landlord requires the animal to be housebroken and neutered or spayed.

If the Tenant violates any part of this Addendum, the Tenant is then in default of the Lease. In the event of a default, the Landlord may initiate legal proceedings in accordance with Maryland local regulations to evict or have the Tenant removed from the Leased Premises as well as file a lawsuit against the Tenant for any monies owed to the Landlord as a result of the Tenants default.

Landlord's Signature: _____ Date: _____

Lead Poisoning Prevention Program

Notice of Tenants' Rights

INTRODUCTION

This Notice of Tenants' Rights explains your legal rights pursuant to the Maryland Reduction of Lead Risk in Housing Law, which went into effect on February 24, 1996. Under this law, property owners are required to address all potential lead-based paint hazards in rental properties constructed prior to 1950, register and annually renew registration of their properties with Maryland Department of the Environment's (MDE) Lead Poisoning Prevention Program, and provide tenants with lead educational materials. This Notice of Tenant's Rights also provides a detailed explanation of what property owners are required to do to comply with the law, how to inform your landlord that repairs need to be performed in your home, and steps you can take to enforce your legal rights if your landlord refuses to respond to your request.

Please read this material carefully and call the Lead Hotline at 410-537-4199 or 800-776-2706 if you have any questions. (TTY Users 800-735-2258)

I HAVE JUST MOVED INTO A RENTAL DWELLING THAT WAS BUILT BEFORE 1950, WHAT DO I NEED TO KNOW?

In order to be fully compliant with the law, your landlord is required to:

- 1) Give you the Notice of Tenant Rights, the EPA brochure, "Protect Your Family from Lead in Your Home," and a copy of the lead inspection certificate for the unit on or before the day you move in. The property owner may ask you to sign a statement acknowledging that you received these items.
- 2) Ensure that the property is currently registered with the Maryland Department of the Environment (MDE) and is required to pay a \$30.00 per property/unit registration fee.
- 3) Obtain a passing Full Risk Reduction certificate prior to you moving into the property.

DOES MY RENTAL DWELLING UNIT HAVE TO BE INSPECTED BEFORE I MOVE IN?

Yes. The property owner must have the unit inspected at the owner's expense. All inspections are required to be performed by an inspector accredited by MDE. If the house passes the inspection, the property owner will be given a Lead Paint Risk Reduction Inspection Certificate. This certificate will be on file at MDE. The owner is required to give you a copy of the inspection certificate when you

move in. If you wish to know the results of the inspection, ask your landlord or call the Lead Hotline at 410-537-4199, 1-800-776-2706, or TTY 800-735-2258.

ARE THERE OTHER TIMES THAT THE PROPERTY OWNER MUST COMPLY WITH SPECIAL STANDARDS WHILE I LIVE HERE?

Yes. When a child under six or a pregnant woman has an elevated blood lead level (EBL) 10 µg/dl or more, the local health department will inform the property owner of the obligation to meet the **Modified Risk Reduction Standard**.

The Modified Risk Reduction Standard must also be met when the property owner receives a written Notice of Defect that there are structural defects and/or chipping, peeling, and flaking paint in your home. Chipping, peeling and flaking paint in pre-1950 constructed rental properties is presumed to contain lead, which can be dangerous to you and your children.

The property owner will have 30 days to satisfy the Modified Reduction Standard after receipt of a written Notice of Elevated Blood Lead Level or Notice of Defect.

HOW DO I TELL THE PROPERTY OWNER ABOUT STRUCTURAL DEFECTS and/or THAT THERE IS CHIPPING, PEELING, AND FLAKING PAINT IN MY HOME?

You must send a notice to the property owner in writing. You may either write a letter or use a "Notice of Defect Form." A sample copy of the form is attached on page 5. When sending a notice, it is suggested to send it **Certified Mail, Return Receipt Requested** or **Hand Deliver** it to the property owner and obtain a signature evidencing receipt. This documentation is also useful when making a referral to MDE or your local housing department.

Once the property owner receives the notice, your property must satisfy the Modified Risk Reduction Standard within 30 days.

HOW DOES AN OWNER MEET THE MODIFIED RISK REDUCTION STANDARD?

Within 30 days after the receipt or a Notice of Elevated Blood Lead Level or Notice of Defect, the property owner provides for the temporary relocation of tenants to a lead free dwelling unit or another dwelling unit that has meet the full risk reduction standard;

OR

Within 30 days after the receipt or a Notice of Elevated Blood Lead Level or Notice of Defect, the property owner ensures that the property passes a test for lead contaminated dust and by performing certain lead hazard reduction treatments. The property owner must pay for those repairs and must use a contractors accredited by MDE to perform lead abatement work.

SHOULD MY FAMILY STAY IN THE HOME WHILE REPAIRS ARE BEING MADE?

Nobody is permitted in the work area. Pregnant women and children under 6 years old are prohibited from being in the house while the lead hazard reduction treatments are being performed. If you are required to leave your house for more than 24 hours while treatments are performed, the property owner must pay for all your reasonable expenses directly related to your required relocation to temporary lead safe housing.

The property owner is also responsible for expenses related to the moving, storing, or cleaning of furniture, and possibly food costs for the family while work is being done in the home.

You must allow the property owner to enter your home to do the treatments.

The property owner is required to have the home inspected to verify the Modified Risk Reduction standard has been met. After all work is completed, an MDE accredited inspector must inspect the property to verify compliance with the Modified Risk Reduction standard.

WHAT IF MY LANDLORD HAS NOT COMPLIED WITH THE LAW, OR HAS FAILED TO RESPOND TO MY NOTICE?

1. Make a Referral

If you have given your landlord a written Notice of Defect or Notice of EBL and no repairs have been completed, you can make a referral to Maryland Department of the Environment's Lead Poisoning Prevention Program by calling 1-800-776-2706 or 410-537-3825. When making a referral, please provide copies of the Notice of Defect or Notice of EBL, along with any verification of receipt you may have.

2. Rent Escrow

Rent Escrow is a legal process that requires you to file a Complaint for Rent Escrow in the District Court in the county in which you live. If the District Court grants your request for an escrow account, you will be required to pay your rent into the District Court's escrow account instead of to your landlord. This provides an incentive for your landlord to complete repairs in your home that threaten the life, health, or safety of you and your family. In order to have an escrow account established based on lead hazards, you only need to prove that your landlord is not in compliance with Maryland's Lead Laws.

An escrow account is only established after all facts have been presented to a judge in a judicial proceeding. Therefore, it is suggested that you seek the advice and representation of an attorney.

3. Rent Protection

In 2004, the Maryland General Assembly enacted legislation requiring landlords to confirm their compliance with Maryland's Lead Risk Reduction in Housing Law when filing for repossession of property based on a tenant's failure to pay rent. If the property to be repossessed was constructed prior to 1950, the landlord must state that they are currently registered with Maryland Department of the Environment and provide the certificate number for the inspection conducted for the current tenancy. Failure to provide this information may result in the dismissal of the landlord's complaint.

4. Retaliatory Eviction

It is unlawful for your landlord to evict you for complaining about dangerous conditions present in your home, including the presence of peeling, chipping, and flaking paint. The law protects tenants against eviction and illegal rent increases initiated after notification. It is presumed that any attempt to evict a tenant or to raise the rent, except for nonpayment of rent, within two months after compliance with the applicable risk reduction standard, is in retaliation for the tenant's notification of dangerous conditions, and shall be void. It is also against the law for the property owner to evict you because there is someone in your home found to have a high blood lead level.

If you have any questions about the Maryland Lead Law, visit:
www.mde.state.md.us/lead or call the Lead Hotline at 410-537-4199 or toll-free at 1-800-776-2706, or TTY 1-800-735-2258.

Disclosure of Information on Lead-Based Paint and/or Lead-Based Paint Hazard

Lead Warning Statement

Housing built before 1978 may contain lead-based paint. Lead from paint, paint chips, and dust can pose health hazards if not managed properly. Lead exposure is especially harmful to young children and pregnant women. Before renting pre-1978 housing, lessors must disclose the presence of known lead-based paint and/or lead-based paint hazards in the dwelling. Lessees must also receive a federally approved pamphlet on lead poisoning prevention.

Lessor's (Landlord's) Disclosure

(a) Presence of lead-based paint and/or lead-based paint hazards (initial (i) or (ii) below):

(i) _____ Known lead-based paint and/or lead-based paint hazards are present in the housing (explain).

(ii) X Lessor has no knowledge of lead-based paint and/or lead-based paint hazards in the housing.

(b) Records and reports available to the lessor (initial (i) or (ii) below):

(i) _____ Lessor has provided the lessee with all available records and reports pertaining to lead-based paint and/or lead-based paint hazards in the housing. (list documents below)

(ii) _____ Lessor has no reports or records pertaining to lead-based paint and/or lead-based paint hazards in the housing.

I _____ **s) Acknowledgment** (initial):

(_____ see has received copies of all information listed above.

(_____ see has received the pamphlet Protect Your Family from Lead in Your Home.

Agent's Acknowledgment (initial):

e) _____ Agent has informed the lessor of the lessor's obligations under 42 U.S.C. 4852(d) and is aware of his/her responsibility to ensure compliance.

Certification of Accuracy

The following parties have reviewed the information above and certify, to the best of their knowledge, that the information they have provided is true and accurate.

Protect Your Family From Lead in Your Home

Are You Planning to Buy or Rent a Home Built Before 1978?

Did you know that many homes built before 1978 have **lead-based paint**? Lead from paint, chips, and dust can pose serious health hazards.

Read this entire brochure to learn:

- How lead gets into the body
- About health effects of lead
- What you can do to protect your family
- Where to go for more information

Before renting or buying a pre-1978 home or apartment, federal law requires:

- Sellers must disclose known information on lead-based paint or lead-based paint hazards before selling a house.
- Real estate sales contracts must include a specific warning statement about lead-based paint. Buyers have up to 10 days to check for lead.
- Landlords must disclose known information on lead-based paint and lead-based paint hazards before leases take effect. Leases must include a specific warning statement about lead-based paint.

If undertaking renovations, repairs, or painting (RRP) projects in your pre-1978 home or apartment:

- Read EPA's pamphlet, *The Lead-Safe Certified Guide to Renovate Right*, to learn about the lead-safe work practices that contractors are required to follow when working in your home (see page 12).

Simple Steps to Protect Your Family from Lead Hazards

If you think your home has lead-based paint:

- Don't try to remove lead-based paint yourself.
- Always keep painted surfaces in good condition to minimize deterioration.
- Get your home checked for lead hazards. Find a certified inspector or risk assessor at [epa.gov/lead](https://www.epa.gov/lead).
- Talk to your landlord about fixing surfaces with peeling or chipping paint.
- Regularly clean floors, window sills, and other surfaces.
- Take precautions to avoid exposure to lead dust when remodeling.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe certified renovation firms.
- Before buying, renting, or renovating your home, have it checked for lead-based paint.
- Consult your health care provider about testing your children for lead. Your pediatrician can check for lead with a simple blood test.
- Wash children's hands, bottles, pacifiers, and toys often.
- Make sure children avoid fatty (or high fat) foods and eat nutritious meals high in iron and calcium.
- Remove shoes or wipe soil off shoes before entering your house.

Lead Gets into the Body in Many Ways

Adults and children can get lead into their bodies if they:

- Breathe in lead dust (especially during activities such as renovations, repairs, or painting that disturb painted surfaces).
- Swallow lead dust that has settled on food, food preparation surfaces, and other places.
- Eat paint chips or soil that contains lead.

Lead is especially dangerous to children under the age of 6.

- At this age, children's brains and nervous systems are more sensitive to the damaging effects of lead.
- Children's growing bodies absorb more lead.
- Babies and young children often put their hands and other objects in their mouths. These objects can have lead dust on them.

Women of childbearing age should know that lead is dangerous to a developing fetus.

- Women with a high lead level in their system before or during pregnancy risk exposing the fetus to lead through the placenta during fetal development.

Health Effects of Lead

Lead affects the body in many ways. It is important to know that even exposure to low levels of lead can severely harm children.

In children, exposure to lead can cause:

- Nervous system and kidney damage
- Learning disabilities, attention deficit disorder, and decreased intelligence
- Speech, language, and behavior problems
- Poor muscle coordination
- Decreased muscle and bone growth
- Hearing damage

While low-lead exposure is most common, exposure to high amounts of lead can have devastating effects on children, including seizures, unconsciousness, and, in some cases, death.

Although children are especially susceptible to lead exposure, lead can be dangerous for adults, too.

In adults, exposure to lead can cause:

- Harm to a developing fetus
- Increased chance of high blood pressure during pregnancy
- Fertility problems (in men and women)
- High blood pressure
- Digestive problems
- Nerve disorders
- Memory and concentration problems
- Muscle and joint pain

Check Your Family for Lead

Get your children and home tested if you think your home has lead.

Children's blood lead levels tend to increase rapidly from 6 to 12 months of age, and tend to peak at 18 to 24 months of age.

Consult your doctor for advice on testing your children. A simple blood test can detect lead. Blood lead tests are usually recommended for:

- Children at ages 1 and 2
- Children or other family members who have been exposed to high levels of lead
- Children who should be tested under your state or local health screening plan

Your doctor can explain what the test results mean and if more testing will be needed.

Where Lead-Based Paint Is Found

In general, the older your home or childcare facility, the more likely it has lead-based paint.¹

Many homes, including private, federally-assisted, federally-owned housing, and childcare facilities built before 1978 have lead-based paint. In 1978, the federal government banned consumer uses of lead-containing paint.²

Learn how to determine if paint is lead-based paint on page 7.

Lead can be found:

- In homes and childcare facilities in the city, country, or suburbs,
- In private and public single-family homes and apartments,
- On surfaces inside and outside of the house, and
- In soil around a home. (Soil can pick up lead from exterior paint or other sources, such as past use of leaded gas in cars.)

Learn more about where lead is found at [epa.gov/lead](https://www.epa.gov/lead).

¹ “Lead-based paint” is currently defined by the federal government as paint with lead levels greater than or equal to 1.0 milligram per square centimeter (mg/cm), or more than 0.5% by weight.

² “Lead-containing paint” is currently defined by the federal government as lead in new dried paint in excess of 90 parts per million (ppm) by weight.

Identifying Lead-Based Paint and Lead-Based Paint Hazards

Deteriorating lead-based paint (peeling, chipping, chalking, cracking, or damaged paint) is a hazard and needs immediate attention. **Lead-based paint** may also be a hazard when found on surfaces that children can chew or that get a lot of wear and tear, such as:

- On windows and window sills
- Doors and door frames
- Stairs, railings, banisters, and porches

Lead-based paint is usually not a hazard if it is in good condition and if it is not on an impact or friction surface like a window.

Lead dust can form when lead-based paint is scraped, sanded, or heated. Lead dust also forms when painted surfaces containing lead bump or rub together. Lead paint chips and dust can get on surfaces and objects that people touch. Settled lead dust can reenter the air when the home is vacuumed or swept, or when people walk through it. EPA currently defines the following levels of lead in dust as hazardous:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) and higher for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ and higher for interior window sills

Lead in soil can be a hazard when children play in bare soil or when people bring soil into the house on their shoes. EPA currently defines the following levels of lead in soil as hazardous:

- 400 parts per million (ppm) and higher in play areas of bare soil
- 1,200 ppm (average) and higher in bare soil in the remainder of the yard

Remember, lead from paint chips—which you can see—and lead dust—which you may not be able to see—both can be hazards.

The only way to find out if paint, dust, or soil lead hazards exist is to test for them. The next page describes how to do this.

Checking Your Home for Lead

You can get your home tested for lead in several different ways:

- A lead-based paint **inspection** tells you if your home has lead-based paint and where it is located. It won't tell you whether your home currently has lead hazards. A trained and certified testing professional, called a lead-based paint inspector, will conduct a paint inspection using methods, such as:
 - Portable x-ray fluorescence (XRF) machine
 - Lab tests of paint samples
- A **risk assessment** tells you if your home currently has any lead hazards from lead in paint, dust, or soil. It also tells you what actions to take to address any hazards. A trained and certified testing professional, called a risk assessor, will:
 - Sample paint that is deteriorated on doors, windows, floors, stairs, and walls
 - Sample dust near painted surfaces and sample bare soil in the yard
 - Get lab tests of paint, dust, and soil samples
- A combination inspection and risk assessment tells you if your home has any lead-based paint and if your home has any lead hazards, and where both are located.

Be sure to read the report provided to you after your inspection or risk assessment is completed, and ask questions about anything you do not understand.

Checking Your Home for Lead, continued

In preparing for renovation, repair, or painting work in a pre-1978 home, Lead-Safe Certified renovators (see page 12) may:

- Take paint chip samples to determine if lead-based paint is present in the area planned for renovation and send them to an EPA-recognized lead lab for analysis. In housing receiving federal assistance, the person collecting these samples must be a certified lead-based paint inspector or risk assessor
- Use EPA-recognized tests kits to determine if lead-based paint is absent (but not in housing receiving federal assistance)
- Presume that lead-based paint is present and use lead-safe work practices

There are state and federal programs in place to ensure that testing is done safely, reliably, and effectively. Contact your state or local agency for more information, visit epa.gov/lead, or call **1-800-424-LEAD (5323)** for a list of contacts in your area.³

³ Hearing- or speech-challenged individuals may access this number through TTY by calling the Federal Relay Service at 1-800-877-8399.

What You Can Do Now to Protect Your Family

If you suspect that your house has lead-based paint hazards, you can take some immediate steps to reduce your family's risk:

- If you rent, notify your landlord of peeling or chipping paint.
- Keep painted surfaces clean and free of dust. Clean floors, window frames, window sills, and other surfaces weekly. Use a mop or sponge with warm water and a general all-purpose cleaner. (Remember: never mix ammonia and bleach products together because they can form a dangerous gas.)
- Carefully clean up paint chips immediately without creating dust.
- Thoroughly rinse sponges and mop heads often during cleaning of dirty or dusty areas, and again afterward.
- Wash your hands and your children's hands often, especially before they eat and before nap time and bed time.
- Keep play areas clean. Wash bottles, pacifiers, toys, and stuffed animals regularly.
- Keep children from chewing window sills or other painted surfaces, or eating soil.
- When renovating, repairing, or painting, hire only EPA- or state-approved Lead-Safe Certified renovation firms (see page 12).
- Clean or remove shoes before entering your home to avoid tracking in lead from soil.
- Make sure children avoid fatty (or high fat) foods and eat nutritious meals high in iron and calcium. Children with good diets absorb less lead.

Reducing Lead Hazards

Disturbing lead-based paint or removing lead improperly can increase the hazard to your family by spreading even more lead dust around the house.

- In addition to day-to-day cleaning and good nutrition, you can **temporarily** reduce lead-based paint hazards by taking actions, such as repairing damaged painted surfaces and planting grass to cover lead-contaminated soil. These actions are not permanent solutions and will need ongoing attention.
- You can minimize exposure to lead when renovating, repairing, or painting by hiring an EPA- or state-certified renovator who is trained in the use of lead-safe work practices. If you are a do-it-yourselfer, learn how to use lead-safe work practices in your home.
- To remove lead hazards permanently, you should hire a certified lead abatement contractor. Abatement (or permanent hazard elimination) methods include removing, sealing, or enclosing lead-based paint with special materials. Just painting over the hazard with regular paint is not permanent control.

Always use a certified contractor who is trained to address lead hazards safely.

- Hire a Lead-Safe Certified firm (see page 12) to perform renovation, repair, or painting (RRP) projects that disturb painted surfaces.
- To correct lead hazards permanently, hire a certified lead abatement professional. This will ensure your contractor knows how to work safely and has the proper equipment to clean up thoroughly.

Certified contractors will employ qualified workers and follow strict safety rules as set by their state or by the federal government.

Reducing Lead Hazards, continued

If your home has had lead abatement work done or if the housing is receiving federal assistance, once the work is completed, dust cleanup activities must be conducted until clearance testing indicates that lead dust levels are below the following levels:

- 40 micrograms per square foot ($\mu\text{g}/\text{ft}^2$) for floors, including carpeted floors
- 250 $\mu\text{g}/\text{ft}^2$ for interior windows sills
- 400 $\mu\text{g}/\text{ft}^2$ for window troughs

For help in locating certified lead abatement professionals in your area, call your state or local agency (see pages 14 and 15), or visit epa.gov/lead, or call 1-800-424-LEAD.

Renovating, Remodeling, or Repairing (RRP) a Home with Lead-Based Paint

If you hire a contractor to conduct renovation, repair, or painting (RRP) projects in your pre-1978 home or childcare facility (such as pre-school and kindergarten), your contractor must:

- Be a Lead-Safe Certified firm approved by EPA or an EPA-authorized state program
- Use qualified trained individuals (Lead-Safe Certified renovators) who follow specific lead-safe work practices to prevent lead contamination
- Provide a copy of EPA's lead hazard information document, *The Lead-Safe Certified Guide to Renovate Right*

RRP contractors working in pre-1978 homes and childcare facilities must follow lead-safe work practices that:

- **Contain the work area.** The area must be contained so that dust and debris do not escape from the work area. Warning signs must be put up, and plastic or other impermeable material and tape must be used.
- **Avoid renovation methods that generate large amounts of lead-contaminated dust.** Some methods generate so much lead-contaminated dust that their use is prohibited. They are:
 - Open-flame burning or torching
 - Sanding, grinding, planing, needle gunning, or blasting with power tools and equipment not equipped with a shroud and HEPA vacuum attachment and
 - Using a heat gun at temperatures greater than 1100°F
- **Clean up thoroughly.** The work area should be cleaned up daily. When all the work is done, the area must be cleaned up using special cleaning methods.
- **Dispose of waste properly.** Collect and seal waste in a heavy duty bag or sheeting. When transported, ensure that waste is contained to prevent release of dust and debris.

To learn more about EPA's requirements for RRP projects visit epa.gov/getleadsafe, or read *The Lead-Safe Certified Guide to Renovate Right*.

Other Sources of Lead

While paint, dust, and soil are the most common sources of lead, other lead sources also exist:

- **Drinking water.** Your home might have plumbing with lead or lead solder. You cannot see, smell, or taste lead, and boiling your water will not get rid of lead. If you think your plumbing might contain lead:
 - Use only cold water for drinking and cooking.
 - Run water for 15 to 30 seconds before drinking it, especially if you have not used your water for a few hours.

Call your local health department or water supplier to find out about testing your water, or visit [epa.gov/lead](https://www.epa.gov/lead) for EPA's lead in drinking water information.

- **Lead smelters** or other industries that release lead into the air.
- **Your job.** If you work with lead, you could bring it home on your body or clothes. Shower and change clothes before coming home. Launder your work clothes separately from the rest of your family's clothes.
- **Hobbies** that use lead, such as making pottery or stained glass, or refinishing furniture. Call your local health department for information about hobbies that may use lead.
- Old **toys** and **furniture** may have been painted with lead-containing paint. Older toys and other children's products may have parts that contain lead.⁴
- Food and liquids cooked or stored in **lead crystal** or **lead-glazed pottery or porcelain** may contain lead.
- Folk remedies, such as "**greta**" and "**azarcon**," used to treat an upset stomach.

⁴ In 1978, the federal government banned toys, other children's products, and furniture with lead-containing paint (16 CFR 1303). In 2008, the federal government banned lead in most children's products. The federal government currently bans lead in excess of 100 ppm by weight in most children's products (76 FR 44463).

For More Information

The National Lead Information Center

Learn how to protect children from lead poisoning and get other information about lead hazards on the Web at epa.gov/lead and hud.gov/lead, or call **1-800-424-LEAD (5323)**.

EPA's Safe Drinking Water Hotline

For information about lead in drinking water, call **1-800-426-4791**, or visit epa.gov/lead for information about lead in drinking water.

Consumer Product Safety Commission (CPSC) Hotline

For information on lead in toys and other consumer products, or to report an unsafe consumer product or a product-related injury, call **1-800-638-2772**, or visit CPSC's website at cpsc.gov or saferproducts.gov.

State and Local Health and Environmental Agencies

Some states, tribes, and cities have their own rules related to lead-based paint. Check with your local agency to see which laws apply to you. Most agencies can also provide information on finding a lead abatement firm in your area, and on possible sources of financial aid for reducing lead hazards. Receive up-to-date address and phone information for your state or local contacts on the Web at epa.gov/lead, or contact the National Lead Information Center at **1-800-424-LEAD**.

Hearing- or speech-challenged individuals may access any of the phone numbers in this brochure through TTY by calling the toll-free Federal Relay Service at **1-800-877-8339**.

U. S. Environmental Protection Agency (EPA) Regional Offices

This document is in the public domain. It may be produced by an individual or organization without permission. Information provided in this booklet is based upon current scientific and technical understanding of the issues presented and is reflective of the jurisdictional boundaries established by the statutes governing the co-authoring agencies. Following the advice given will not necessarily provide complete protection in all situations or against all health hazards that can be caused by lead exposure.

IMPORTANT!

Lead From Paint, Dust, and Soil in and Around Your Home Can Be Dangerous if Not Managed Properly

- Children under 6 years old are most at risk for lead poisoning in your home.
- Lead exposure can harm young children and babies even before they are born.
- Homes, schools, and child care facilities built before 1978 are likely to contain lead-based paint.
- Even children who seem healthy may have dangerous levels of lead in their bodies.
- Disturbing surfaces with lead-based paint or removing lead-based paint improperly can increase the danger to your family.
- People can get lead into their bodies by breathing or swallowing lead dust, or by eating soil or paint chips containing lead.
- People have many options for reducing lead hazards. Generally, lead-based paint that is in good condition is not a hazard (see page 10).

Welcome to Your New Home

We are pleased that you have chosen 301 E 25TH ST, UNIT 2A, BALTIMORE, MD 21218 as your new home. Please take some time to review the complete Welcome Package. The following pages include helpful hints, important information, and contact numbers that you might need. Additionally, please take a moment to review the answers to the following Frequently Asked Questions.

How Do I Handle Needed Repairs?

First, please notify us of any needed repairs, no matter how minor they may seem. The responsibility of the repair will be determined by the terms of the Lease. In the event that the Landlord is responsible for making the repairs, please be aware that all repairs will be prioritized and emergencies will be handled first.

Please make sure that all needed repairs are reported in a timely manner. Remember that an ignored problem may become a large project and could subject you to a large expense. Any maintenance issue that goes unreported and causes further damage to the Property may be construed as a nuisance and will be handled as such. This type of neglect will mean that you'll incur further charges to your account and may change the responsibility for the repair and subsequent repairs.

We must have access to the Leased Premises to perform any repairs or maintenance. We will give you notice of when we plan to enter for maintenance work at least hours notice before entering. In emergency situations, no notice is required.

What if My Rent is Late?

Your rent is due and expected on the day of each month, as specified in the Lease Agreement. Payment not received on time may be subject to late fees or other charges. It's important that rent payments are paid promptly. Chronic late payments may result in legal measures that could lead to your eviction.

What Do I Do if I Lose My Key?

It's important that you take care of your entrance keys. Occasionally, you may find yourself locked out of your home or in need of a replacement key. If this occurs, there will be a \$ charge.

Why Do I Need Renter's Insurance?

Under most circumstances, the Landlord is not responsible for your personal property. As such, it's important to have renter's insurance to cover your belongings in the event of an unforeseen disaster. This type of insurance is inexpensive and well worth the expense.

What if I'm Having a Problem With a Neighbor?

It's important to try to get along with your neighbors. If you have a problem with or concern about a neighbor, it's generally best to try to resolve it amongst yourselves. Please always refrain from using foul language or engaging in verbal arguments. If you are unable to resolve an issue, feel free to contact me or the local authorities.

Can I Make Changes or Improvements to the Leased Premises, Such as Painting or Landscaping?

We often welcome your improvements to your residence and yard. That said, we ask that you check in with us before making changes. Any changes or improvements must be documented and most will receive verbal approval. However, some changes or alterations to the property will require written consent.

It's always important to read the Lease thoroughly and to ask questions about anything that you may not understand. Here are some additional important guidelines to follow:

- It's important to keep the Property in a clean, sanitary, and safe condition.
- Please make sure that trash is disposed of correctly to avoid any pest control problems.
- Check the smoke detector batteries periodically - at least every 6 months - to ensure the safety of your family.
- Candles are not recommended; please be careful to never leave a lit candle unattended.
- Do not give away or loan your entrance key or code to anyone not listed on the Lease.
- Be considerate of your neighbors.
